Even if your interests do not lie in history, this is an archaeological site that cannot fail to impress you. Mount Vesuvius dominates the Bay of Naples. It is the only active volcano on the mainland of Europe. The slopes were once covered with vineyards and woods and provided an innocent looking backdrop for the bustling town below. The coach will take you to within 1.000 metres of the top of Vesuvius and from here you can walk to the very top and admire the splendid panoramic views across the bay.
